FEATURES

- Made from 100% jute, jute/cotton blended fabrics.
- Sturdy and elegant-looking.
- Stronger & more durable than paper and plastic bags.
- Jute is bio-degradable and does not release toxic gases while decomposing.
- Multiple usability up to 19 to 100 times. So your printed ad message remains intact and your advertisement goes a long way, whereas PVC/Paper bags are disposed off after use.
- Jute bags are more value for money compared to plastic bags and cotton bags.
- Fabric color may vary in each dye lot.
